

UPV/EHU Faculty

Olatz Arbelaitz

Category: Aggregate Professor
Doctor (if applicable): PhD in Computer Science
Department: Computer Architecture and Technology
Centre: Faculty of Informatics
Email address: olatz.arbelaitz@ehu.eus
Phone: +34 943018042

PhD in Computer Science by the UPV/EHU in 2002. Professor in the Computer Architecture and Technology Department of the UPV/EHU since 1995. She was visiting academic for several months at Sydney University and Shanghai Jiao Tong University. She is member of the ALDAPA (Algorithms Data Mining and Parallelism) research group and has over 70 international peer-reviewed articles in machine learning proposing on the one hand, theoretical advances in supervised and unsupervised classification methods and the application of these techniques to problems in our environment on the other hand. She is a usual reviewer for top international journals. Her focus is now in automatic modelling of user interaction.
